Frozen 26-feature LightGBM · 2026 observed outcomes

Model MAE 30.64 INR **Unchanged-close MAE 30.72 INR** **Difference -0.08 INR**

Model forecast shown. The 2026 period was already inspected.

Each point is one stock and target date. Price axes are logarithmic; the middle panel shows how little of the actual move the model predicts. Monthly MAE is averaged within stock, then equally across stocks.
